

LONDON

London is the capital of the UK, a big, vibrant city situated on the banks of the River Thames. It's not only the official capital, but also the unofficial capital of fashion, theatre, culture, education, business and style. With lots of famous sights to visit, this centre offers something for everyone.

Our London junior summer centre is based at two prestigious universities. The accommodation is based at Ramsay Hall at University College London, part of the world-famous University of London. The classrooms are based at the historic Westminster University, home to Westminster Law School.

St Giles Juniors London offers excellent learning and recreational facilities combined with an exciting activity programme, allowing students to experience everything London has to offer. It's perfect for those students looking for the London university experience in a supervised yet independent environment.
