STUDY IN SAFETY WITH ST GILES

SAFEGUARDING

Our schools have a family feel and from day one, we make sure that all students are making friends and becoming part of the St Giles Juniors team!

Our caring staff live on site with our students so as to ensure that everyone is safe, well and happy.

We have strict safeguarding measures in place to keep all students safe and well.

Children and parents are given 24 hour phone number so they can receive immediate assistance when required.

Students are supervised 24/7, with free time outside campus only offered to students aged 13+ who have authorised parental consent.

We have regular roll calls throughout the day to ensure all students are present and safe.
