Starting your St Giles Journey

Every student's journey at St Giles is unique. From when you first book your course with us until you say goodbye, we want to help you get the most out of your time with us.

When you arrive

When you arrive in the UK or Canada, we can arrange for a taxi to meet you and take you to your accommodation. Each of our schools offers a great range of accommodation to suit your needs and budget.

Homestay

Homestay offers you the chance to stay with an English-speaking host in their home. It is a great choice if you want to practise your English naturally outside of the classroom, really experience life in the UK and Canada, or be in a more supportive environment. It also offers excellent value for money.

- Choose from single or twin rooms
- Half-board, bed & breakfast and self-catering options available
- Superior options are available at selected centres
- St Giles uses trusted homestay agencies on occasion

Chapter Highbury Residence, London

Residences

Student residences are ideal for students looking for a more independent lifestyle. Residences are generally located closer to the schools than homestays, often within walking distance. You'll also have the chance to meet other international students and make new friends! As residences vary from centre to centre, you will find a range of room types and meal options on offer.

Hotels and Guesthouses

All of our centres have specially negotiated rates at a choice of hotels and guest houses. They are located within easy reach of the schools. These are a good option if you want to be independent but benefit from all the services that hotels offer, and are ideal for business or executive clients.

Your learning

Our approach to teaching is focused on helping you achieve your personal goals, which we do through:

- Learner-centred teaching- we focus on the needs and interests of our students
- Flexible teaching plans- the content of our courses are tailored to our students' needs
- We encourage active learning in our classes through participation in activities and discussions

Your feedback is very important to us so we ask all our students for their comments at their end of their course, so we can continue to improve and develop our offerings.

Meeting your teachers

To help you make the best progress, our teachers are all:

- Qualified, native-level English speakers, often with many years of experience
- Regularly observed and appraised, with detailed feedback to continue to improve their teaching
- Encouraged to take further qualifications

Your class

Before you start your course at St Giles, you will take our online placement test so we can make sure you are placed in the right class. You will then be put in a class with students who have a similar level of English, and, where possible, are from a variety of countries.

At St Giles, we have a maximum class size of 12 at our year round centres, 10 for students under 16 studying at Brighton, Eastbourne, Cambridge and London Highgate, and 15 at our Junior Summer Centres. For even smaller class sizes, students can opt for our Platinum classes (available at selected locations), where the maximum class size is 5. This means that you will enjoy personal attention from your teachers, which will help you make faster progress.

- Your English language level must be at least C1 and preferably C2

Course objectives

The CELTA course is a structured and practical introduction to teaching: it will equip you with the professional knowledge, practical skills, and confidence you need to start your teaching career. The course will show prospective employers that you:

- Understand the principles of effective teaching, how people learn and the roles of teacher and learner
- Understand how to analyse language for the purpose of teaching
- Have demonstrated the ability to put your new knowledge and skills into practice in a real-life teaching context

The assessment process

Component One - Teaching Practice

You will be expected to teach for a total of six hours, working with classes at two different levels of ability. Assessment is continuous and is based on your overall performance during the six hours

Component Two - Written Assignments

You will be asked to complete four written assignments: one focusing on adult learning, one on the language system of English, one on language skills and one on classroom teaching

The Cambridge CELTA is awarded to candidates who meet the course requirements and whose performance meets or exceeds the criteria for both components of assessment. Your progress will be monitored by your tutors throughout the course
